

Who Is and Who Could Be at the Table for Your Planning Process

Stream Management Plan Peer Learning Call

April 5th, 2023, 10:00 – 11:30am MDT

Please [register](#) to receive the Zoom link!

Introduction

Join River Network and Strategic by Nature to learn about considerations for your stakeholder and community engagement processes. Through a guided presentation, small group discussions, and examples shared by Stream Management Plan (SMP) leads, we will explore and define what equity, diversity, and inclusion mean for stakeholder and community engagement within the context of stream management planning.

Anticipated Outcomes

Advance knowledge around stakeholder and community engagement by:

- Learning from your peers.
- Becoming familiar with considerations for engagement processes.
- Reflecting on who you are working with in your community, opportunities to expand engagement and strategies to ensure inclusivity.
- Advancing relationships with SMP peers through interactive, small-group discussions.

Agenda
